Active Radio Frequency Identification IV (aRFID-IV)
Contract# W52P1J-14-D-0014

1. Award. In support of Product Director Automated Movement and Identification Solutions (PD AMIS) mission, the U.S. Army Contracting Command Rock Island (ACC-RI) awarded contract NO. W52P1J-14-D-0014 to Savi Technology, Inc. (Savi), (Cage Code 0J463) on 08 APR 2014. This single award contract is Firm Fixed Price (FFP), Indefinite Delivery/Indefinite Quantity (IDIQ) with reimbursable CLINs for Other Direct Costs (ODC) and Travel.

This contract vehicle is decentralized. All Federal Contracting Officers are delegated procurement authority to place Task Orders/Delivery Orders against this aRFID-IV FFP IDIQ contract. All Contracting Officers seeking to place orders against the contract shall agree to comply with the terms and conditions of the base contract.

In this decentralized contract vehicle, Savi will provide aRFID hardware, software, documentation, and incidental services to authorized Government users worldwide. The incidental services include training, warranty, and technical engineering services (TES).

The aRFID-IV hardware and software purchased under this contract will be ISO/IEC 18000-7:2008 compliant. The TES available will provide turnkey solutions for integrating a user's existing Automated Identification Technology (AIT) and Passive RFID (pRFID) with the aRFID technology. In addition, TES includes Installation, De-installation, and Relocation of aRFID-IV components: Middleware Development Services; Commercially available Middleware; and Software Development Services. Delivery of the products and performance of the services will be worldwide

2. Period of Performance (PoP). The PoP of this aRFID-IV contract includes a three (3) year base Ordering Period, with two (2) evaluated Option Periods. The PoP is outlined below:

Base Ordering Period:	08 APR 2014 through 07 APR 2017
Option Period 1 (if exercised):	08 APR 2017 through 07 APR 2018
Option Period 2 (if exercised):	08 APR 2018 through 07 APR 2019

3. Guaranteed Minimum. The guaranteed minimum dollar value of this contract is $40,000.00. The maximum value for the entire procurement is $102,000,000.00. There is no guarantee that the Government will order the maximum value under this procurement. Contract award does not obligate the Government to place additional orders beyond the guaranteed minimum amount.

4. Post Award Product Testing Process. Savi is subject to the Post Award Product Testing Process (Sect. J, Attachment 0015). All self-certified ISO 18000-7:2008 compliant products will be evaluated by PD AMIS to verify and validate form, fit, and function. Any CLIN/SLINs that are not available for order, due to pending testing results, are labeled as such in Section B. At this time the following CLINs are in "Reserve/Pending Post Award Testing Status":

0005AD	0005CA	0005EA	0005EB	0005FA
0006AD	0006CA	0006EA	0006EB	0006FA

5. Performance Work Statement. Performance for this contract shall be performed in accordance with (IAW) the "Performance Work Statement (PWS)" (Sect. J, Attachment 0022).

6. CLIN/SLIN Structure and Pricing.

6.1 The CLIN/SLIN structure and pricing for this contract is outlined in Sect. B, Supplies or Services and Prices/Costs. CLIN/SLIN descriptions include model numbers and all correlating ancillary items.

6.2 Prices are on a FOB Destination basis and in U.S. currency.

6.3 Government Ordering Officers shall issue Requests for Proposal(s) to Savi for individual Task Orders/TES Projects. Each individual Task Order will be accompanied by its own unique Task Order PWS that will align with the Base Contract's CLIN/SLIN structure for products, labor categories, and other direct costs.

7. Special Contract Requirements. See Sect. H, Special Contract Requirements.

8. CONUS/OCONUS. Performance of this contract can be Continental United States (CONUS) or Outside the Continental United States (OCONUS). Additional clauses required to perform OCONUS shall be added at the Task Order level.

9. Trade Agreements Act (TAA). This procurement is subject to the Trade Agreements Act (TAA). For the purpose of the applicability of the Trade Agreements Act, end products in this procurement are at the level of the CLIN/SLIN. In addition, note that due to a change in regulation, U.S. made end products are no longer subject to application of a 50% penalty.

10. Invoice Instructions:

10.1 Invoices are to be submitted through the Wide Area Workflow (WAWF) system. Savi must have the ability to comply with DFARS Clause 252.246-7000, Material Inspection and Receiving Report and DFARS 252.232-7003, Electronic Submission of Payment Requests. Savi must be capable of accepting electronic fund payment.

10.2 Orders shall be awarded and invoiced per the appropriate CLIN/SLIN(s) as listed in Section B.

10.3 Payments made against this contract will be paid in U.S. currency.

10.4 Defense Finance and Accounting Service (DFAS) Columbus Center South, DoDAAC HQ0338, is the designated payment office for Delivery Orders/Task Orders. Note: an alternate DFAS office can only be used if the Government Ordering Contracting Officer authorizes the use on an individual order.

11. Ordering. All orders against this decentralized contract vehicle shall be issued IAW the terms and conditions in this Base Contract. Ordering Procedures are outlined in Sect. H, Special Contract Requirements. In addition, an Ordering Guide for Government Contracting Officers can be found on the PD AMIS website, http://www.ait.army.mil/Contracts.

E-4	52.246-16	RESPONSIBILITY FOR SUPPLIES	APR/1984

INSTRUCTIONS FOR INSPECTION/ACCEPTANCE OF SUPPLIES (including hardware/software):

1. The supplies (hardware/software) offered on this contract are commercial items. Government Inspection and Acceptance of supplies shall be performed to commercial standards. Inspection, in accordance with the Lot/Item List, shall be limited to -

(a) type and kind,
(b) quantity,
(c) condition,
(d) packaging and marking.

2. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights -

(a) Within a reasonable time after the defect was discovered or should have been discovered; and

(b) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

3. Designated Inspect/Accept Roles. Savi Technology, Inc. is required to contact the appropriate sub-delegated DCMA office, as outlined below, to coordinate and schedule the Inspection/Acceptance (I/A) of all supply orders.

(a)When Inspection/Acceptance is designated "Origin" from the following location*:

F-7	252.211-7003	ITEM UNIQUE IDENTIFICATION AND VALUATION	DEC/2013

(a) Definitions. As used in this clause

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at http://www.acq.osd.mil/dpap/pdi/uid/iuid_equivalents.html.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Governments unit acquisition cost" means

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractors estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractors estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise (e.g., Dun & Bradstreet's Data Universal Numbering System (DUNS) Number, GS1 Company Prefix, Allied Committee 135 NATO Commercial and Government Entity (NCAGE)/Commercial and Government Entity (CAGE) Code, or the Coded Representation of the North American Telecommunications Industry Manufacturers, Suppliers, and Related Service Companies (ATIS-0322000) Number), European Health Industry Business Communication Council (EHIBCC) and Health Industry Business Communication Council (HIBCC)), as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.nen.nl/web/Normen-ontwikkelen/ISOIEC-15459-Issuing-Agency-Codes.htm.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at http://www.acq.osd.mil/dpap/pdi/uid/uii_types.html.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is $5,000 or more; and

(ii) Items for which the Government's unit acquisition cost is less than $5,000 that are identified in the Schedule or the following table:

The following items, with a unit acquisition cost less than $5,000, always require a unique item identifier:

NOTE: If Option Period(s) is/are exercised, the associated Option Period CLINs/SLINs apply.

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in
Attachment Number N/A.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in
Attachment Number N/A.

(v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or (iv) of this clause for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information
technology--International symbology specification--Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that--

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology-Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall--

(A) Determine whether to--

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: Original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code--

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Governments unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at http://dodprocurementtoolbox.com/site/uidregistry/.

(2) Embedded items shall be reported by one of the following methods--

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at http://dodprocurementtoolbox.com/site/uidregistry/; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number N/A, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by contract any items for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial items.

(End of clause)

F-8 252.211-7006 PASSIVE RADIO FREQUENCY IDENTIFICATION SEP/2011

(a) Definitions. As used in this clause--

"Advance shipment notice" means an electronic notification used to list the contents of a shipment of goods as well as additional information relating to the shipment, such as passive radio frequency identification (RFID) or item unique identification (IUID) information, order information, product description, physical characteristics, type of packaging, marking, carrier information, and configuration of goods within the transportation equipment.

"Bulk commodities" means the following commodities, when shipped in rail tank cars, tanker trucks, trailers, other bulk wheeled conveyances, or pipelines:

(1) Sand.
(2) Gravel.
(3) Bulk liquids (water, chemicals, or petroleum products).
(4) Ready-mix concrete or similar construction materials.
(5) Coal or combustibles such as firewood.
(6) Agricultural products such as seeds, grains, or animal feed.

"Case" means either a MIL-STD-129 defined exterior container within a palletized unit load or a MIL-STD-129 defined individual shipping container.

"Electronic Product Code\TM\ (EPC)" means an identification scheme for universally identifying physical objects via RFID tags and other means. The standardized EPC\TM\ data consists of an EPC\TM\ (or EPC\TM\ identifier) that uniquely identifies an individual object, as well as an optional filter value when judged to be necessary to enable effective and efficient reading of the EPC\TM\ tags. In addition

to this standardized data, certain classes of EPC\TM\ tags will allow user-defined data. The EPC\TM\ Tag Data Standards will define the length and position of this data, without defining its content.

"EPCglobal" means a subscriber-driven organization comprised of industry leaders and organizations focused on creating global standards for the adoption of passive RFID technology.

"Exterior container" means a MIL-STD-129 defined container, bundle, or assembly that is sufficient by reason of material, design, and construction to protect unit packs and intermediate containers and their contents during shipment and storage. It can be a unit pack or a container with a combination of unit packs or intermediate containers. An exterior container may or may not be used as a shipping container.

"Palletized unit load" means a MIL-STD-129 defined quantity of items, packed or unpacked, arranged on a pallet in a specified manner and secured, strapped, or fastened on the pallet so that the whole palletized load is handled as a single unit. A palletized or skidded load is not considered to be a shipping container. A loaded 463L System pallet is not considered to be a palletized unit load. Refer to the Defense Transportation Regulation, DoD 4500.9-R, Part II, Chapter 203, for marking of 463L System pallets.

"Passive RFID tag" means a tag that reflects energy from the reader/interrogator or that receives and temporarily stores a small amount of energy from the reader/interrogator signal in order to generate the tag response. The only acceptable tags are EPC Class 1 passive RFID tags that meet the EPCglobal\TM\ Class 1 Generation 2 standard.

"Radio frequency identification (RFID)" means an automatic identification and data capture technology comprising one or more reader/interrogators and one or more radio frequency transponders in which data transfer is achieved by means of suitably modulated inductive or radiating electromagnetic carriers.

"Shipping container" means a MIL-STD-129 defined exterior container that meets carrier regulations and is of sufficient strength, by reason of material, design, and construction, to be shipped safely without further packing (e.g., wooden boxes or crates, fiber and metal drums, and corrugated and solid fiberboard boxes).

(b)(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall affix passive RFID tags, at the case- and palletized-unit-load packaging levels, for shipments of items that--

(i) Are in any of the following classes of supply, as defined in DoD 4140.1-R, DoD Supply Chain Materiel Management Regulation, AP1.1.11:

(A) Subclass of Class I--Packaged operational rations.

(B) Class II--Clothing, individual equipment, tentage, organizational tool kits, hand tools, and administrative and housekeeping supplies and equipment.

(C) Class IIIP--Packaged petroleum, lubricants, oils, preservatives, chemicals, and additives.

(D) Class IV--Construction and barrier materials.

(E) Class VI--Personal demand items (non-military sales items).

(F) Subclass of Class VIII--Medical materials (excluding pharmaceuticals, biologicals, and reagents--suppliers should limit the mixing of excluded and non-excluded materials).

(G) Class IX--Repair parts and components including kits, assemblies and subassemblies, reparable and consumable items required for maintenance support of all equipment, excluding medical-peculiar repair parts; and

(ii) Are being shipped to one of the locations listed at http://www.acq.osd.mil/log/sci/rfid_ship-to_locations.html or to--

(A) A location outside the contiguous United States when the shipment has been assigned Transportation Priority 1, or to--

(B) The following location(s) deemed necessary by the requiring activity:

Any additional requirement for the Passive Radio Frequency Identification (pRFID) Tags, to be required for any "ship to" location not referenced above, will be determined and assigned at the Delivery Order Level.

(2) The following are excluded from the requirements of paragraph (b)(1) of this clause:

(i) Shipments of bulk commodities.

(ii) Shipments to locations other than Defense Distribution Depots when the contract includes the clause at FAR 52.213-1, Fast

Payment Procedures.

(c) The Contractor shall--

(1) Ensure that the data encoded on each passive RFID tag are globally unique (i.e., the tag ID is never repeated across two or more RFID tags) and conforms to the requirements in paragraph (d) of this clause;

(2) Use passive tags that are readable; and

(3) Ensure that the passive tag is affixed at the appropriate location on the specific level of packaging, in accordance with MIL-STD-129 (Section 4.9.2) tag placement specifications.

(d) Data syntax and standards. The Contractor shall encode an approved RFID tag using the instructions provided in the EPC\TM\ Tag Data Standards in effect at the time of contract award. The EPC\TM\ Tag Data Standards are available at http://www.epcglobalinc.org/standards/.

(1) If the Contractor is an EPCglobal\TM\ subscriber and possesses a unique EPC\TM\ company prefix, the Contractor may use any of the identifiers and encoding instructions described in the most recent EPC\TM\ Tag Data Standards document to encode tags.

(2) If the Contractor chooses to employ the DoD identifier, the Contractor shall use its previously assigned Commercial and Government Entity (CAGE) code and shall encode the tags in accordance with the tag identifier details located at http://www.acq.osd.mil/log/rfid/tag_data.htm. If the Contractor uses a third-party packaging house to encode its tags, the CAGE code of the third-party packaging house is acceptable.

(3) Regardless of the selected encoding scheme, the Contractor with which the Department holds the contract is responsible for ensuring that the tag ID encoded on each passive RFID tag is globally unique, per the requirements in paragraph (c)(1) of this clause.

(e) Advance shipment notice. The Contractor shall use Wide Area WorkFlow (WAWF), as required by DFARS 252.232-7003, Electronic Submission of Payment Requests, to electronically submit advance shipment notice(s) with the RFID tag ID(s) (specified in paragraph (d) of this clause) in advance of the shipment in accordance with the procedures at https://wawf.eb.mil/.

SECTION G - CONTRACT ADMINISTRATION DATA

	Regulatory Cite	Title	Date
G-1	52.232-4501 (ACC-RI)	US ARMY CONTRACTING COMMAND, ROCK ISLAND CONTRACTING CENTER, IMPLEMENTATION OF WIDE AREA WORKFLOW RECEIPT AND ACCEPTANCE (WAWF-RA) FOR ELECTRONIC PROCESSING OF RECEIPT/ACCEPTANCE DOCUMENTS AND PAYMENT	AUG/2008

1. To implement DFARS Clause 252.232-7003, "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS", the U.S. Army Contracting Command, Rock Island Contracting Center, uses Wide Area Workflow Receipt and acceptance (WAWF-RA) to electronically process contractor requests for payment. This application allows DOD contractors to submit and track invoices and receipt/acceptance documents electronically.

2. The contractor is required to use WAWF-RA when processing invoices and receiving reports under this procurement action. Submission of hard copy DD250/invoices will no longer be accepted for payment except as provided in paragraph 3. of this clause.

3. The Contractor may submit a payment request using other than WAWF-RA only when:

(a) The Contracting Officer authorizes use of another electronic form. With such an authorization, the Contractor and the Contracting Officer shall agree to a plan, which shall include a timeline, specifying when the Contractor will transfer to Wide Area Workflow-Receipt and Acceptance;

(b) DoD is unable to receive a payment request in electronic form; or

(c) The Contracting Officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the Contractor. In such cases, the Contractor shall include a copy of the Contracting Officer's determination with each request for payment.

4. INSTRUCTIONS:

(a) INITIAL: The contractor shall register to use WAWF at http://wawf.eb.mil . There is no charge to use WAWF. All questions relating to system setup and vendor training can be directed to the help desk at Ogden, UT. Their number is 1-866-618-5988. Web-based training for WAWF is also available at http://www.wawftraining.com/.

(b) DESCRIPTION OF WAWF-RA TYPES OF INVOICE/RECEIVING REPORTS:

1) Progress Payment (For use under contractually authorized Progress Payments)
2) Performance Based Payment (For use under contractually authorized Performance Based Payments)
3) "COMBO" Invoice/Receiving Report (For Supply CLINS including ammunition items and ammunition related items)
4) "2-in-1" (For Service CLINS only)
5) Cost Voucher (For use with Cost Reimbursement contracts, Time and Material or Labor Hour contracts containing FAR Clauses 52.216-7, "Allowable Cost and Payment" or 52.232-7, "Payments under Time-and-Materials and Labor-Hour Contracts")

(c) CODES: THE FOLLOWING CODES ARE REQUIRED TO ROUTE CONTRACTOR INVOICES THROUGH WAWF:

A. CONTRACT LIFE/ORDERING PERIOD(S)

The total contract life, including options if exercised pursuant to FAR Clause 52.217-9, "Option to Extend the Term of the Contract", is sixty (60) months from the date of contract award. The contract includes a thirty-six (36) month base ordering period, with two (2) one-year option periods, if exercised. The following is the breakout for the base ordering period and the two option periods.

Base Ordering Period:	08 APR 2014 through 07 APR 2017
Option Period 1 (if exercised):	08 APR 2017 through 07 APR 2018
Option Period 2 (if exercised):	08 APR 2018 through 07 APR 2019

All ordering after the Base Period is subject to the Government's Option to Extend the Term of the Contract.

B. TYPE OF CONTRACT

This is a firm fixed price (FFP), indefinite-delivery/indefinite-quantity (ID/IQ), decentralized contract.
This decentralized contract vehicle provides aRFID hardware, software, documentation, and incidental services to authorized Government users worldwide. See Sect. B, Supplies or Services and Prices/Costs, for the items that can be ordered under this contract.

C. CONTRACT MINIMUM AND MAXIMUM AMOUNT

The guaranteed minimum dollar value of this contract is $40,000.00. The minimum guarantee was fulfilled with the award of Delivery Order 0001 (08 APR 2014).

The maximum dollar value for the entire procurement is $102,000,000.00. The aggregate amount of all Delivery Orders (DO), Task Orders (TO), and Governmentwide commercial purchase card (hereinafter referred to as purchase card) orders placed against the aRFID-IV contract shall not exceed $102,000,000. There is no guarantee that the Government will order the maximum value under this procurement. Contract award does not obligate the Government to place additional orders beyond the guaranteed minimum amount.

D. DELIVERY REQUIREMENTS

The Contractor shall start accepting orders upon notice of fully executed contract award, excluding CLIN/SLINs pending Post Award Product Testing results. For delivery orders against this contract that contain only supplies, representatives of the Defense Contract

Management Agency (DCMA) shall perform inspection and acceptance of the supplies at origin. The DCMA Contract Administration Services (CAS) directory can be found at http://www.dcma.mil. The CAS directory also identifies the DFAS payment office that is associated with the DCMA.

Contractor shall provide all necessary software, cables, connectors, drivers, essential accessories, and ancillary items in order to make each deliverable hardware item fully operational. Software application shall be preloaded to the hardware to meet the requirement of this Contract.

The Contractor shall deliver hardware and software items to the destination specified in the order within 60 days* after date of order for all orders. In the event a Certificate of Conformance is authorized for use, the Contractor shall deliver hardware and software items to the destination specified in the order within 60 days* after the date of the order. Also see FAR Clause 52.211-15, Defense Priority and Allocation Requirements (Sect. I of the contract). *Note: Extended delivery dates are required for CLIN/subCLINs with quantity discounts (see Sect. B CLIN series 0005, 0006, 1005, 1006, 2005, and 2006 for delivery requirements). In addition, 90-day delivery is required for Portable Deployable Kits (PDKs) (see Sect. B CLIN series 0011, 1011, and 2011 for delivery requirements).

The Contracting Officer issuing the order may arrange for a longer delivery period. Additionally, the Contracting Officer may order expedited delivery of items, in which case, the Contractor shall deliver the items in accordance with paragraph E. Expedited Delivery. Partial delivery requires prior approval from the ordering office, unless specified otherwise on the Delivery Order. The Period of Performance (PoP) shall be stated on each Task Order. Orders shall be mailed or notice of award furnished to Contractor no later than date of order (FAR 11.403). All delivery and performance schedules include the three-day Contractor review time for acceptance or rejection of orders. PoP for TES cannot extend beyond 12 months from contract expiration.

E. EXPEDITED DELIVERY

Contractor shall provide Expedited Delivery for CONUS and OCONUS locations when required and specified in orders. The price for expedited delivery shall be negotiated on a firm-fixed price basis. The Contractor shall deliver products to destination within 7 calendar days after date of award for CONUS orders or within 14 calendar days after date of award for OCONUS order, unless other terms are negotiated and specified in the order. Expedited deliveries not requested by the Government will be acceptable if at no additional cost to the Government and the Government is notified of the early delivery. Prior approval is required for partial deliveries.

F. ORDERING GUIDANCE - DELIVERY ORDERS/TASK ORDERS/GOVERNMENTWIDE COMMERCIAL PURCHASE CARD ORDERS

1. Orders may be placed by any authorized Contracting Officer or purchase card holder supporting the Department of Defense, the United States Coast Guard (CG), North Atlantic Treaty Organization (NATO), Coalition Partners, other Foreign Military Sales (FMS), and other Federal agencies. Ordering Government Contracting Officers and purchase card holders are empowered to place orders in accordance with the terms and conditions of the contract, the Federal Acquisition Regulation (FAR) and applicable supplements, and their own agency procedures. In addition, an Ordering Guide for Government Contracting Officers can be found on the PD AMIS website, http://www.ait.army.mil/Contracts.

2. All Delivery Orders, purchase card orders, and Task Orders issued hereunder are subject to the terms and conditions of this contract. The contract shall control in the event of conflict with any order.

Any request for deviation from the terms of this contract must be submitted to the PCO:

Justin Trine (PCO)
Army Contracting Command - Rock Island (ACC-RI)
E-mail: justin.d.trine.civ@mail.mil
PH: 309-782-5096

3. All requirements under this contract will be ordered by issuance of a DD Form 1155, SF 1449, purchase card form, or other authorized form.

4. In addition to any other data that may be called for in the contract, the following information shall be specified in each order as applicable:

(a) Date of Order

(b) Contract and Order number (Note: Delivery Order numbering shall be in accordance with DFARS 204.7004 Only the issuing office (ACC-RI) is authorized to use the numbers 0001-9999).

(c) Point of contact (name), commercial telephone number, facsimile number, and e-mail address.

(d) Ordering Contracting Officer's commercial telephone number and e-mail address.

(e) Description of the supplies to be provided, quantity, unit price, and the associated CLIN/SLIN (See Sect. B). Defense

Financing and Accounting Service (DFAS) requires the CLIN/SLIN numbers to be reflected on order forms in order to do initial entry of orders into their automated payment system. When the Contractor submits a request for payment, DFAS will compare the request for payment of CLIN/SLINs with the orders CLIN/SLINs. (Note: Use of item numbers in Block 19 on the SF 1449 and not CLIN/SLIN numbers will result in payment delays and excessive administrative costs to both the Contractor and the Government).

(f) Delivery date for supplies and performance period for services (see paragraph D. "Delivery Requirements").

(g) Address of place of delivery or performance to include consignee.

(h) Packaging, packing, and shipping instructions, if any.

(i) Accounting and appropriation data and Contract Accounting Classification Reference Number (ACRN). NOTE: DFAS requires an ACRN(s) on all orders.

(j) Invoice and payment instructions to the extent not covered by the contract. Include Wide Area Workflow (WAWF) clause information.

(k) Orders for known Foreign Military Sales (FMS) requirements shall clearly be marked FMS requirement on the face of the order, along with the FMS customer and the case identifier code.

(m) Any other pertinent information.

5. Issuance of an order shall be defined as the award date of the order (see paragraph D. Delivery Requirements).

6. The Government reserves the right to withdraw and cancel an order at any time prior to execution if issues pertaining to the proposed order arise that cannot be satisfactorily resolved. The Ordering Contracting Officers decision on each order shall be final and shall not be subject to protest under FAR Subpart 33.1, Protest, except for a protest that the order increases the scope, period, or maximum value of the contract or a protest of an order valued in excess of $10,000,000. The ACC-RI Ombudsman will review complaints from the aRFID-IV contractor. The designated Ombudsman is:

Randy McGee
Army Contracting Command - Rock Island (ACC-RI)
ATTN: AMSAS-GCB
1 Rock Island Arsenal,
Rock Island, IL 61299-8000
Phone: 309-782-7287
E-mail: usarmy.ria.asc.list.gcb@mail.mil

7. The Government may unilaterally change these ordering procedures at any time and at its sole discretion.

8. Contractor Responsibilities include the following:

a) Contractor is required to respond to all Request for Proposals (RFP) and Request for Quotes (RFQ) by the specified submission date, unless contractor's product is waiting for Government acceptance/approval. The Contractors' proposal shall contain sufficient detail to permit the Government to evaluate the proposal, IAW the stated evaluation criteria. If the proposal is for TES, the proposal shall comply with the requirements identified in paragraph G. "Task Order Proposals for Technical Engineering Services (TES).

b) Contractor is responsible for all bid and proposal costs incurred in performance of the contract.

c) Performance under orders shall commence only after the receipt of an executed order via facsimile or e-mail, signed by the Ordering Contracting Officer. The Government shall not be obligated to reimburse the Contractor for work performed, items delivered, or any costs incurred, nor shall the Contractor be obligated to perform, deliver, or otherwise incur costs except as authorized by duly executed orders.

G. TASK ORDER PROPOSALS FOR TECHNICAL ENGINEERING SERVICES (TES)

1. Upon receipt of a RFP for TES, which includes a description of the tasks; the Contractor shall submit a price proposal as soon as possible, but not more than fifteen (15) workdays after receipt of the request, unless so agreed to by the Ordering Contracting Officer. The Contractor's proposal shall contain sufficient detail to enable the Government to determine the acceptability of the proposal and shall include, as a minimum:

(a) A brief description of the technical approach which demonstrates the Contractor's understanding of the task(s);

(b) Proposed timeline schedule;

(c) Proposed labor categories from the Master SLIN Listing (found in Section B, Supplies or Services and Prices/Costs) and the number of hours for each category;

(d) Proposed Incidental Materials including price and description of each item (see paragraph H. "Incidental Materials") and;

(e) Proposed price for Travel with a breakout of airfare(s), per diem, rental car(s), and any other travel-related expenses.

(f) For turnkey proposals only:

(i) Proposed aRFID hardware and software CLINs/SLINs required for the proposed solution, and

(ii) Any required Government-furnished AIT and Active RFID hardware and software and the associated logistical requirements (e.g., locations and dates for the Government to furnish the items).

2. The Government will negotiate a total FFP for the effort, excluding travel and incidental materials. This FFP will include all labor and per diem required to complete the effort and will be included in the TO according the labor categories listed under SLIN 0015xx. If applicable, the Government will negotiate a separate FFP price for the incidental materials, which will be included in the TO at SLIN 0024AA. The incidental materials will be consistent with paragraph H. "Incidental Materials".

3. Travel: The Contractor may be required to travel in performance of Task Orders issued under the aRFID-IV contract. Allowable travel and per diem costs are governed by FAR Part 31, and are reimbursable by the ordering agency. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. All costs associated with travel and per diem will not include any type of fee.

4. The using activity representative, as stated on each Task Order, shall perform inspection and acceptance of all the items contained on the order.

H. INCIDENTAL MATERIALS

Incidental Materials shall only include those items/materials necessary to complete the installation service ordered in accordance with paragraph G. "Task Order Proposals for Technical Engineering Services (TES)". The price for the items/materials shall be negotiated on a FFP basis for each TO, if required (see paragraph G. "Task Order Proposals for Technical Engineering Services"). The total negotiated price for incidental materials for each TO shall not exceed $100,000.

I. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or performance of nonconforming services at no increase in contract price. If repair/replacement or performance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

For delivery orders against this contract that contain only supplies, representatives of the Defense Contract Management Agency (DCMA) shall perform inspection and acceptance of the supplies at origin. The DCMA Contract Administration Services (CAS) directory can be found at http://www.dcma.mil. The CAS directory also identifies the DFAS payment office that is associated with the DCMA.

For all other orders against this contract, the using activity representative as stated on each delivery, task, or Governmentwide commercial purchase card order shall perform inspection and acceptance of all the items contained on the order.

J. USE OF GOVERNMENTWIDE COMMERCIAL PURCHASE CARD

The following describes the procedures to be used for ordering items under this contract by using a purchase card. This option to order by use of the purchase card is strictly an alternative method of ordering by the Government and may be used in place of ordering by other order forms that comply with FAR 12.204. The Government reserves the right to unilaterally terminate the use of the purchase card at any time.

1. All ordering offices may use the purchase card as an alternative method of ordering and paying for purchases made under this contract. Purchase card orders are subject to all terms and conditions of this contract, unless otherwise stated in this provision or another provision in this contract.

2. The purchase card is specifically designed for use by the Federal Government. The purchase card is like a typical commercial credit card. However, the authorization limitations of the purchase card are more specific, i.e., only for a particular contract,

monthly limitations, certain categories of products or services, etc. The purchase card will be exclusively used for official Government purchases in accordance with the prices, terms, and conditions of this contract. With respect to ordering authority, any authorized user of this contract who is an appointed, recognized Governmentwide Purchase Card holder may use the purchase card as a means of purchasing items on this contract. For purchase card orders only, this waives the requirement for use of other forms that comply with FAR 12.204. All appointed, recognized Governmentwide Purchase Card holders are subject to and responsible for complying with all the rules, regulations, and limits that come with his/her purchase card.

3. Limits for the purchase card are dictated by each using activity major command. These limits for the purchase card are the responsibility of the purchase card holder and the approving office.

4. The Contractor shall accept FFP purchase card orders under the contract made by use of an authorized purchase card.

5. For purchase card orders only, the warranty begins on the day the order is accepted by the Government.

K. GOVERNMENT CONTRACTORS' USE OF CONTRACT

1. If it is in the Government's interest, and if supplies or services required in the performance of a Government contract are available under this contract, Government Ordering Contracting Officers may authorize Contractors to order items or services from the contract under the authority and procedures set out in FAR Part 51, including placing limitations on the orders (51.102(e)(4)).

However, Government contracting officers shall not grant the Government Contractor authorization to communicate with an aRFID-IV contract holder without the prior approval of an ACC-RI PCO.

Any request for Government contractor use of the aRFID-IV contract must be submitted to the following ACC-RI PCO:

Justin Trine (PCO)
Army Contracting Command - Rock Island (ACC-RI)
E-mail: justin.d.trine.civ@mail.mil
PH: 309-782-5096

Before issuing an order, the Government Contractor shall forward the order through the Government Contracting Officer granting the authorization to the PCO for this contract. General guidance on submitting requests for the PCO's approval for a Government Contractor to place an order against the aRFID-IV contract can be found at: http://www.ait.army.mil/Contracts/contracts.html

2. Title to all property acquired by a Government Contractor under such an authorization shall vest in the Government unless otherwise specified in the Government Contractor's contract. Such property shall not be considered to be "Government-Furnished Property" (GFP), as distinguished from "Government Property". The provisions of the clause entitled "Government Property", except its paragraphs (a) and (b), shall apply to all property acquired under such authorization. Authorized ordering Contractors may use their standard commercial ordering formats to place orders under this contract and the orders shall reference the Contract Number.

3. Contractors ordering items or services from the contract shall comply with the requirements set forth in paragraph F."Ordering Guidance for Delivery Orders/Task Orders/Governmentwide Commercial Purchase Card Orders" and the reference tool posted on the PD AMIS website titled, "Government Contracting Officer's Ordering Guide".

L. CURRENT TECHNOLOGY SUBSTITUTIONS AND ADDITIONS - CONTRACT CHANGES

1. Changes within the general scope of the contract may be proposed for the purpose of substitutions or additions to assure that state of-the-art, commercial items are readily available for ordering under this contract.

(a) Product substitutions are replacements of CLIN/SLIN list items that have been officially announced as either out of production or no longer supported by the original equipment manufacturer (OEM). Substituted items shall be at the same or greater performance for the same or lesser price of the CLIN/SLIN List item(s) being replaced. Substitutions are not subject to price increases. At the discretion of the Government, the contractor may be required to provide the proposed product for testing in order to determine acceptance or denial of the proposed product substitution.

(b) Additions provide for new functionality not available on contract that can be determined to be within the general scope of the contract. A new CLIN or SLIN will be added to the contract for the addition of the new item. Prices will be negotiated.

2. The offer of product substitution or addition shall include information sufficient to determine that the proposal satisfies the terms and conditions of the contract and, in particular, the requirements set forth in paragraph L. "Current Technology Substitutions and Additions/Contract Changes" of this narrative. The proposal shall, as a minimum, include the following information:

(a) A comparative description, in detail, of the difference between the existing contract item and the proposed product

substitution and a specific analysis of the comparative advantages and disadvantages of each. For additions, the proposal shall provide a complete description of the new item and a correlative analysis of how the new item will benefit the Government. The comparative description should be laid out in a "From this" - "To this" format. All items within the description that require changing should be highlighted in yellow.

(b) Specific items contained in the Contract that are proposed to be changed if the proposal is accepted (e.g., if new equipment is offered to replace currently installed, will the old be exchanged for the new, and on what basis). List all sections of the Contract affected by the proposed contract change, including changes to Section B, Supplies or Services and Prices/Costs. Outline contract changes in a "From this" - "To this" format with all changes highlighted in yellow.

(c) A statement as to how the changes will affect performance, costs, etc., if accepted, and an item-by item summary of any "street pricing" of the items including a reference to the source of the "street price" and GSA Schedule pricing, if any, to include GSA Schedule Number. The Contractor may be required to provide a minimum of three competitive quotes.

(d) If applicable, an evaluation of the effects the change would have on Life Cycle Costs such as GFP, maintenance, personnel, site modification, and energy.

(e) An analysis of a timeframe in which the change should be instituted so as to obtain maximum benefit to the Government for the remainder of the Contract.

3. It is the Contractor's responsibility to manage and propose substitutions, and additions in a timely manner allowing sufficient time for government approval (review times will vary depending upon the complexity and newness of the item) and to provide, without a lapse in availability, Government approved products throughout the entire ordering period of the contract. The Contractor shall not be reimbursed the cost associated with the preparation of a proposal for the technology changes described above. The decision as to the acceptability of such a proposal shall be at the sole and exclusive discretion of the Contracting Officer and is not subject to the Disputes clause of this contract.

4. Contract Change Proposal (CCP) Numbering Convention

The Government has established a six-digit numbering convention for aRFID IV CCPs (example: Rxx001).

The numbering convention is broken down as follows:

R = The first character on all CCPs will begin with "R" to indicate the CCP is against the aRFID IV contract.

SA = The second and third characters are alpha indicators representing the first two letters of the Contractor. NOTE: For Government-initiated changes that would result in a CCP, the alpha indicators will be replaced by the letters "PM" and will be included in any request for proposal.

000 = The last three characters are numeric indicators that represent the sequential number assigned to the CCP. NOTE: Contractor shall apply sequential numbers Rxx001, Rxx002, etc., to contractor-initiated CCPs without regard to the sequential numbering of any Government initiated CCPs.

M. CONTRACT CHANGE PROPOSAL (CCP) RESPONSE TIME

If the Government issues an RFP for a technology change or any other type of change to the contract, the Contractor shall submit a CCP within 20 calendar days of RFP date, unless the RFP specifies a later RFP due date. Regardless of which party initiates a proposed contract change, should the Government request supplemental information to analyze the Contractor's proposal, the Contractor shall provide the additional information within 7 calendar days of the request, unless the Government's request specifies a later due date.

N. ONLY NEW EQUIPMENT

Only new equipment shall be delivered under this contract. The Contracting Officer will not grant approval for used equipment.

O. RECONDITIONED COMPONENTS

All equipment provided by the Contractor under this Contract may not be used or reconditioned; however components of such equipment may be reconditioned provided such components are drawn from stockage which does not differentiate between new and reconditioned components.

P. INSURANCE

In accordance with the clause "Insurance - Work on a Government Installation (Jan 1997)(FAR 52.228.5)" and this schedule, the Contractor shall acquire and maintain during the entire performance period of this contract insurance of at least the following kinds and minimum amounts set forth below:

1. Workman's Compensation and Employer's Liability Insurance in accordance with the amounts specified by the laws of the states in which the work is to be performed under this contract. In the absence of such state laws, an amount of $100,000 shall be required and maintained.

2. General Liability Insurance: Bodily injury liability in the minimum amount of $500,000 per occurrence.

3. Automobile Liability Insurance in the amount of $200,000 per person and $500,000 per occurrence for bodily injury and $20,000 per occurrence for property damage.

Q. COMMERCIAL SOFTWARE LICENSES

1. Commercial Software and commercial software documentation delivered under this contract shall be subject to the terms of this clause and the governing commercial products license, to the extent the latter is consistent with Federal law and FAR 12.212. Notwithstanding the foregoing, the commercial product license shall apply only if a copy of the license is provided with the delivered product. In the event of conflict between this paragraph and the commercial software product license, this paragraph and the following subparagraphs shall govern.

2. Unless otherwise mutually agreed, all commercial software shall be licensed and priced for use on a single computer.

3. The license shall be in the name of the U.S. Government.

4. The license shall be perpetual (also referred to as a nonexclusive, paid-up, world-wide license).

5. Software and Software documentation shall be provided with license rights no less than rights provided with the software and the software documentation when sold to the public.

6. The license shall apply to any software changes or new releases.

7. Notwithstanding the foregoing, the Government's rights to software developed per the "Performance Work Statement (PWS)" (Sect. J, Attachment 0022; paragraph 23.1.5 Software Development Services) shall be governed by DFARS 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation (JUN 1995), and DFARS 252.227-7019, Validation of Asserted Restrictions-Computer Software (JUN 1995).

R. CONTINUED PERFORMANCE DURING SUPPORT OF CRISIS SITUATIONS, CONTINGENCY, OR EXERCISE

1. Overview

(a) The requirements of this Contract have been identified by the U.S. Government as being essential to the mission and operational readiness of the U.S. Armed Services operating worldwide; therefore, the Contractor shall be required to perform this Contract during crisis situations (including war or a state of emergency), contingencies or exercises in the identified area of operations, also known as theatre of operations, subject to the requirements and provisions listed below.

(b) The Contractor shall be responsible for performing all requirements of this Contract notwithstanding crisis situations, contingencies or exercises, including but not limited to the existence of any state of war, whether declared or undeclared, or state of emergency, by the United States or the host nation, commencement of hostilities, internal strife, rioting, civil disturbances, or activities of any type which would endanger the welfare and security of U.S. Forces in the host nation. Failure by the Contractor to perform may subject the Contractor to a termination of this Contract for cause. If a crisis situation, contingency, or exercise is determined, an equitable adjustment may be negotiated.

(c) Crisis situations and contingency operations shall be determined by the overseas theater Commander-in-Chief, or when Defense Readiness Condition (DEFCON) Three (3) is declared for that area.

(d) Contractor personnel and dependents may be integrated into Government contingency plans, and afforded the same rights, privileges, protection, and priority as U.S. Government personnel. The Government may provide security, housing, and messing facilities for Contractor personnel and dependents should conditions warrant.

(e) In the event Contractor employees are deployed or hired into the area of operations in support of a crisis situation, contingency or exercise, the following items and conditions will apply:

2. Management

(a) The Contractor shall ensure that all Contractor employees, including subcontractors, will comply with all guidance, instructions, and general orders applicable to U.S. Armed Forces and DOD civilians and issued by the Theater Commander or his/her representative. This will include any and all guidance and instructions issued based upon the need to ensure mission accomplishment, force protection and safety.

(b) Service and Department of Defense directives, policies, and procedures. The Contractor shall ensure compliance with all federal statutes, judicial interpretations and international agreements (e.g., Status of Forces Agreements, Host Nation Support Agreements) applicable to U.S. Armed Forces or U.S. citizens in the area of operations. The Contracting Officer will resolve disputes. Host Nation laws and existing Status of Forces Agreements may take precedence over contract requirements.

(c) The Contractor shall take reasonable steps to ensure the professional conduct of its employees and subcontractors.

(d) The Contractor shall promptly resolve, to the satisfaction of the Contracting Officer, all Contractor employee performance and conduct problems identified by the cognizant Contracting Officer or Contracting Officer's Representative.

(e) The Contracting Officer may direct the Contractor, at the Contractor's expense, to remove or replace any Contractor employee failing to adhere to instructions and general orders issued by the Theater Commander or his/her designated representative.

3. Accounting for Personnel As directed by the Contracting Officer or Contracting Officer's Representative and based on instructions of the Theater Commander, the Contractor shall report its employees, including third country nationals, entering and/or leaving the area of operations by name, citizenship, location, Social Security number (SSN) or other official identity document number.

4. Risk Assessment and Mitigation

(a) The Contractor shall ensure physical and medical evaluations are conducted on all its deployable and/or mission essential employees to ensure they are medically fit and capable of enduring the rigors of deployment in support of a military operation.

(b) If a Contractor employee departs an area of operations without Contractor permission, the Contractor shall ensure continued performance in accordance with the terms and conditions of the contract. If the Contractor replaces an employee who departs without permission, the replacement is at Contractor expense and must be in place within five days or as directed by the Contracting Officer.

(c) The Contractor shall prepare plans for support of military operations as required by contract or as directed by the Contracting Officer.

(d) For badging and access purposes, the Contractor shall provide the Contracting Officer or Contracting Officer's Representative a list of all employees (including qualified subcontractors and/or local vendors being used in the area of operations) with all required identification and documentation information.

(e) As required by the operational situation, the Government will relocate Contractor personnel (who are citizens of the United States, aliens resident in the United States or third country nationals, not resident in the host nation) to a safe area or evacuate them from the area of operations. The U.S. State Department has responsibility for evacuation of non-essential personnel.

(f) The Contractor shall brief its employees regarding the potential danger, stress, physical hardships and field living conditions.

(g) The Contractor shall require all its employees to acknowledge in writing that they understand the danger, stress, physical hardships and field living conditions that are possible if the employee deploys in support of military operations.

(h) The Contractor shall designate a point of contact for all of its plans and operations and establish an operations center to plan and control the Contractor deployment process and resolve operational issues with the deployed force.

5. Force Protection While performing duties in accordance with the terms and conditions of the contract, the Service will provide force protection to Contractor employees commensurate with that given to Service/Agency (e.g. Army, Navy, Air Force, Marine, Defense Logistics Agency (DLA)) civilians in the operations area.

6. Vehicle and Equipment Operation

(a) The Contractor shall ensure employees possess the required civilian licenses to operate the equipment necessary to perform contract requirements in the theater of operations in accordance with the statement of work.

(b) Before operating any military owned or leased equipment, the Contractor employee shall provide proof of license (issued by an appropriate Governmental authority) to the Contracting Officer or Contracting Officer's Representative.

(c) The Government, at its discretion, may train and license Contractor employees to operate military owned or leased equipment.

(d) The Contractor and its employees shall be held jointly and severably liable for all damages resulting from the unsafe or negligent operation of military owned or leased equipment.

7. On-Call Duty or Extended Hours

(a) The Contractor shall be available to work "on-call" to perform mission essential tasks as directed by the Contracting Officer.

(b) The Contracting Officer, or Contracting Officer's Representative, will identify the parameters of "on call" duty.

(c) The Contractor shall be available to work extended hours to perform mission essential tasks as directed by the Contracting Officer.

(d) The Contracting Officer may negotiate an equitable adjustment to the contract/task order concerning extended hours, surges, and overtime requirements.

8. Clothing and Equipment Issue The Contractor shall ensure that Contractor employees possess the necessary personal clothing and safety equipment to execute contract performance in the theater of operations in accordance with the statement of work. Clothing should be distinctive and unique and not imply that the Contractor is a military member, while at the same time not adversely affecting the Government's tactical position in the field.

9. Legal Assistance The Contractor shall ensure its personnel deploying to or in a theater of operations are furnished the opportunity and assisted with making wills as well as with any necessary powers of attorney prior to deployment processing and/or deployment.

10. Medical

(a) The Contractor shall be responsible for providing employees who meet the physical standards and medical requirements for job performance in the designated theater of operations.

(b) When applicable, the Government may provide to Contractor employees deployed in a theater of operations emergency medical and dental care commensurate with the care provided to Department of Defense civilian deployed in the theater of operations.

(c) Deploying civilian Contractor personnel shall carry with them a minimum of a 90-day supply of any medication they require.

11. Passports, Visas and Customs

(a) The Contractor is responsible for obtaining all passports, visas, or other documents necessary to enter and/or exit any area(s) identified by the Contracting Officer for Contractor employees.

(b) All Contractor employees shall be subject to the customs processing procedures, laws, agreements and duties of the country to which they are deploying and the procedures, laws, and duties of the United States upon reentry.

(c) The Contracting Officer will determine and stipulate the allowability and allocability of payment for entry/exit duties on personal items in possession of Contractor employees per U.S. Customs Service rates and restrictions.

(d) The Contractor shall register all personnel with the appropriate U.S. Embassy or Consulate.

12. Living Under Field Conditions If requested by the Contractor, the Government may provide to Contractor employees deployed in the theater of operations the equivalent field living conditions, subsistence, emergency medical and dental care, sanitary facilities, mail delivery, laundry service, and other available support afforded to Government employees and military personnel in the theater of operations. If the above support is negotiated in the contract, at any level, the Government will receive consideration.

13. Morale, Welfare, and Recreation The Government will provide to Contractor employees deployed in the theater of operations morale, welfare, and recreation services commensurate with that provided to Department of Defense civilians and military personnel deployed in the theater of operations.

14. Status of Forces Agreement

(a) The Contracting Officer will inform the Contractor of the existence of all relevant Status of Forces Agreements (SOFA) and other similar documents, and provide copies upon request.

(b) The Contractor shall be responsible for obtaining all necessary legal advice concerning the content, meaning, application, etc. of any applicable SOFAs, and similar agreements.

(c) The Contractor shall adhere to all relevant provisions of the applicable SOFAs and other similar related agreements.

(d) The Contractor shall be responsible for providing the Government with the required documentation to acquire invited Contractor or technical expert status, if required by SOFA.

15. Tour of Duty/Hours of Work

(a) The Contracting Officer, or Contracting Officer's Representative, will provide the Contractor with the anticipated duration of the deployment.

(b) The Contractor, at his/her own expense, may rotate Contractor employees into and out of the theater provided there is not degradation in mission. The Contractor shall coordinate personnel changes with the Contracting Officer.

(c) The Contracting Officer will provide the Contractor with the anticipated work schedule.

(d) The Contracting Officer, or Contracting Officer's Representative, may modify the work schedule to ensure the Government's ability to continue to execute its mission.

16. Health and Life Insurance The Contractor shall ensure that health and life insurance benefits provided to its deploying employees are in effect in the theater of operations and allow traveling in military vehicles. Insurance is available under the Defense Base Act administered by the Department of Labor.

17. Next of Kin Notification Before deployment, the Contractor shall ensure that each Contractor employee completes a DD Form 93, Record of Emergency Data Card, and returns the completed form to the designated Government official.

18. Return Procedures

(a) Upon notification of redeployment, the Contracting Officer will authorize Contractor employee travel from the theater of operations to the designated CONUS Replacement Center (CRC) or individual deployment site.

(b) The Contractor shall ensure that all Government-issued clothing and equipment provided to the Contractor or the Contractor's employees are returned to Government control upon completion of the deployment.

(c) The Contractor shall provide the Contracting Officer with documentation, annotated by the receiving Government official, of all clothing and equipment returns.

19. Special Legal Considerations

(a) Public Law 106-523. Military Extraterritorial Jurisdiction Act of 2000: Amended Title 18, US Code, to establish Federal Jurisdiction over certain criminal offenses committed outside the United States by persons employed by or accompanying the Armed Forces, or by members of the Armed Forces who are released or separated from active duty prior to being identified and prosecuted for the commission of such offenses, and for other purposes.

(b) Applicability: This Act applies to anyone who engages in conduct outside the U.S. that would constitute an offence punishable by imprisonment for more than one year, the same as if the offense had been committed within the jurisdiction of the U.S. The person must be employed by or accompanying the Armed Forces outside the U.S.

S. MANDATORY USE OF CONTRACTOR TO GOVERNMENT ELECTRONIC MAIL (e-mail)

1. Unless exempted by the PCO in writing, communications after contract award shall be transmitted via e-mail. This shall include all communication between the Government and the Contractor except Classified Information. Return receipt will be used if a commercial application is available.

2. The format for all communication shall be compatible with Microsoft Office 2007. The Government reserves the right to upgrade to a more advanced commercial application at any time during the life of the contract.

3. The following examples include, but are not limited to, the types of communication that shall be transmitted via e-mail:

V. INVITED CONTRACTOR OR TECHNICAL REPRESENTATIVE STATUS REPUBLIC OF KOREA (ROK)

1. Invited Contractor or technical representative status under the U.S.-ROK Status of Forces Agreement (SOFA) is subject to the written approval of HQ US Forces Korea (USFK), Assistant Chief of Staff (AcofS) Acquisition Management.

2. The contracting officer will coordinate with HQ USFK, ACofS, Acquisition Management, in accordance with DFARS, subpart 225.801 and USFA Regulation 700-19. The ACofS, Acquisition Management, will determine the appropriate Contractor status under the SOFA and notify the contracting officer of the determination.

3. Subject to the above approval, the Contractor, including its employees and lawful dependents, may be accorded such privileges and exemptions as specified in the U.S.-ROK SOFA, and implemented per USFK Regulation 700-19, subject to the conditions and limitations imposed by the SOFA and this regulation. Those privileges and exemptions may be furnished during the performance period of the contract, subject to their availability and provided the invited Contractor or technical representative status is not withdrawn by USFK. It is the responsibility of the Contracting Officer issuing the order to negotiate any SOFA privileges and compensation for those privileges between the Government and Contractor.

4. The Contractor officials and employees performing under this contract collectively and separately warrant that they are not now performing, nor will perform during the period of this contract, any contract services or otherwise engage in business activities in the ROK other than those pertaining to the U.S. armed forces.

5. During performance of the work in the ROK required by this contract, the Contractor will be governed by USFK regulations pertaining to the direct hiring and the personnel administration of Korean National employees.

6. The authorities of the ROK will have the right to exercise jurisdiction over invited Contractors and technical representatives, including officials and employees and their dependents, for offenses committed in the ROK and punishable by the laws of the ROK. In recognition of the role of such persons in the defense of the ROK, they will be subject to the provisions of Article XXII, U.S.-ROK SOFA, and related Agreed Minutes and Understandings on Implementation. In those cases in which the authorities of the ROK decide not to exercise jurisdiction, they shall notify the U.S. military authorities as soon as possible. On such notification, the military authorities will have the right to exercise such jurisdiction over the persons referred to, as is conferred on them by the law of the United States.

7. Invited Contractors and technical representatives agree to cooperate fully with the USFK sponsoring agency and responsible officer on all matters pertaining to logistic support. In particular, Contractors will provide prompt and accurate reporting of changes in employee status as required by this regulation to the assigned sponsoring agency. Except for Contractor air crews flying Military Airlift Command missions, all U.S. Contractors performing work on United States Air Force classified contracts will report to the nearest Security Police Information Security Section for the geographical area where the contract is to be performed.

8. Invited Contractor and technical representative status will be withdrawn by USFK on-

(a) Completion or termination of the contract

(b) Proof that the Contractor or employees are engaged in business activities in the ROK other than those pertaining to U.S. armed forces

(c) Proof that the Contractor or employees are engaged in practices illegal in the ROK or are violating USFK regulations.

9. It is agreed that the withdrawal of the invited Contractor or technical representative status or any of the privileges associated herewith by the U.S. Government, will not constitute grounds for excusable delay by the Contractor in the performance of the contract, nor will it justify or excuse the Contractor defaulting the performance of this contract; and such withdrawal will not serve as a basis for the filing of any claims against the U.S. Government if the withdrawal is made for the reasons stated in the preceding subparagraph 8. Under no circumstances will the withdrawal of such status or privileges be considered or construed as a breach of contract by the U.S. Government. The determination to withdraw SOFA status and privileges by USFK shall be final and binding on the parties unless it is patently arbitrary, capricious, and lacking in good faith; see AF. "Technical Representative SOFA Benefits (ROK ONLY)" of this narrative.

W. Technical Representative SOFA Benefits (ROK only)

Article I of the SOFA 14th Joint Committee Meeting allows USFK to provide benefits to technical representatives. The following benefits are conferred under this contract to those designated as technical representatives:

1. Access to and movement between U.S. armed forces facilities and areas as provided for in Article X, Access of Vessels and Aircraft.

2. Entry into the ROK as provided for in Article VIII, Entry and Exit.

3. Exemption from customs duties and other such charges as provided for in Article IX, Customs and Duties.

4. Use of non-appropriated fund organizations as provided for in Article XIII, Non-appropriated Fund Organizations.

5. Exemption from foreign exchange controls as provided for in Article XVIII, Foreign Exchange Controls.

6. Use of military banking facilities as provided for in Article XIX, Military Payment Certificates.

7. Use of military post offices as provided for in Article XX, Military Post Offices.

8. Use of utilities and services as provided for in Article VI, Utilities and Services.

9. Exemption from the laws and regulations of the ROK with respect to terms and conditions of employment as provided for in Article XVII, Labor. (However, Contractors that directly hire Korean Nationals must comply with USFK Reg 690-1, and other applicable USFK regulations concerning the employment of Korean Nationals.)

10. Exemption from ROK taxes as provided for in Article XIV, Taxation.

11. Although subject to ROK criminal jurisdiction, Contractor personnel shall be granted the protections as provided for in Article XXII, Criminal Jurisdiction.

12. Licensing and registration of privately owned vehicles as provided for in Article XXIV, Vehicle and Driver's Licenses.

X. LOGISTIC SUPPORT (ROK Only)

1. Logistic support, corporate and individual, may be provided to USFK invited Contractors and technical representatives only in accordance with the U.S. ROK SOFA, USFK regulations, subject to availability, and on a reimbursable basis. Based upon eligibility, individuals may be provided the below listed logistic support based on Individually Sponsored Status (unless specifically excluded by the terms of the contract).

(a) SOFA status for Contractor employee (excludes employee's dependents)

(b) Duty-free importation privileges in accordance with SOFA and USFK regulations

(c) DD Form 1173 (Uniformed Services Identification and Privilege Card)

(d) USFK Form 73 (USFK Ration Control Plate) family size - one (for employee only)

(e) PX or BX privileges family size-one

(f) Commissary privileges (only authorized if Contractor employee is going to be in the ROK for more than 60 days; family size-one)

(g) Class VI store privileges (family size-one)

(h) Purchase of gasoline and Petroleum, Oil, and Lubricants (POL) products at PX or BX facilities

(i) Military postal service privileges for personal mail only (Army post office and fleet post office)

(j) Military banking and credit union privileges

(k) Motor vehicle operator's permit

(l) Registration of one privately owned vehicle per family

(m) Registration of pets and firearms

(n) Medical services on a reimbursable basis

(o) Dental services for emergency care only on a reimbursable basis

(p) Mortuary services on a reimbursable basis

2. To be individually sponsored for ration control purposes, the Contractor employee must be in a paid status of 30 hours or more per week on this contract, and be other than local hire AND perform in ROK less than 1 year. If paid status is 29 or less hours per week on this contract, no support will be authorized.

(a) No support for dependents is authorized.

(b) Local hire is defined as a U.S. or third-country national employee who is ordinarily resident in the U.S. but was hired in the ROK and has no transportation agreement with the employer.

3. Corporation Logistic Support. USFK may provide logistic support to corporations that have been designated as invited Contractors or technical representatives by HQ USFK, ACofS, Acquisition as follows:

(a) SOFA status exemptions. (See paragraph W. "Technical Representative SOFA Benefits (ROK ONLY)" of this narrative).

(b) Use of postal facilities for corporate mail is not authorized.

(c) All other corporate logistic support (fuel purchases and registration of company owned vehicles authorized) must be coordinated between the contracting office and the USFK sponsoring agency and approved by the USFK sponsoring agency before contract performance in ROK.

Y. INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION

Savi shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DoD 8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including:

1. DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M

2. Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

3. Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

4. Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance functions.

	Regulatory Cite	Title	Date
H-1	252.222-7006	RESTRICTIONS ON THE USE OF MANDATORY ARBITRATION AGREEMENTS	DEC/2010
H-2	52.203-4501 (ACC-RI)	OPERATIONS SECURITY (OPSEC) REQUIREMENTS	JAN/2011

1. As defined in Army Regulation (AR) 530-1, Operations Security (OPSEC), sensitive information is information requiring special protection from disclosure that could cause compromise or threat to our national security, an Army organization, activity, family member, DA civilian or DoD contractor. Critical Information is defined as information important to the successful achievement of U.S. objectives and missions, or which may be of use to an adversary of the United States. It consists of specific facts about friendly capabilities, activities, limitations (includes vulnerabilities), and intentions needed by adversaries for them to plan and act effectively so as to degrade friendly mission accomplishment. All critical information is sensitive, but not all sensitive information is critical.

2. The Contractor shall not release sensitive information to the general public without prior written approval from the Contracting Officer. All contractor requests to release sensitive information shall be in writing and clearly explain the necessity for release of the information and consequences if approval is not granted. Contractor employees who are U.S. citizens shall be provided access to sensitive information on a "need to know" basis required to fulfill the terms and conditions of the contract. Foreign National (FN) employees access to information will be limited to non-sensitive information. FN access to sensitive information will be approved in writing by the Contracting Officer on a case-by-case basis, and will be strictly limited to the information that the employee must know in order to fulfill the terms and conditions of the contract.

3. The Contracting Officer will provide the Contractor with a list of known Critical Information (CI) pertinent to contract requirements and threat information pertinent to contract location as soon as possible after contract award. Critical Information and threat information shall be used by the Contractors appointed OPSEC Manager to prepare an OPSEC Plan.

4. The Contractor shall be responsible for establishing and maintaining an OPSEC program to adequately manage, protect and control sensitive information that has been provided or generated under the contract. The Contractor shall prepare and submit a written OPSEC Plan to the Contracting Officer for approval IAW DD 1423/DI-MGMT-80934C within 30 calendar days after receipt of the CI/threat information addressed in Paragraph 3 above. The Contracting Officer will coordinate with the Government OPSEC Officer and advise the Contractor in writing of the approval, conditional approval or disapproval of the plan within 10 days of receipt.

5. The Contractor shall conduct annual self-assessments of their OPSEC program and submit annual written assessments to the Contracting Officer in the anniversary month of contract award. OPSEC Assessment checklists and sample assessment responses will be provided in advance by the Government as tools to aid the Contractor in assessing their OPSEC program.

6. The Contractor shall provide OPSEC training to all employees regarding the safeguarding of sensitive information prior to employees being allowed access to such information, and annually thereafter.

7. The Contractor shall destroy all sensitive program material at the completion of the contract so as to ensure the information cannot be accessed or utilized for any purpose and notify the Contracting Officer in writing of its destruction.

8. These same requirements will flow down to all subcontractors working on or provided any sensitive information related to the contract.

H-3 52.242-4591 CONTRACTOR PERFORMANCE INFORMATION DEC/2005
(ACC-RI)

The successful offeror/bidder under this solicitation is advised that after contract award its performance under this contract will be subject to an assessment(s) in accordance with FAR 42.15 and AFARS 5142.1503-90. The Department of Defense (DoD) Contractors Performance Assessment Reporting System (CPARS) will be used to maintain the performance report(s) generated on this contract. The rating system to be used in this assessment shall be as follows:

Exceptional (Dark Blue) - Performance meets contractual requirements and exceeds many to the Governments benefit. The contractual performance of the element or sub element being assessed was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.

Very Good (Purple) - Performance meets contractual requirements and exceeds some to the Governments benefit. The contractual performance of the element or sub element being assessed was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

Satisfactory (Green) - Performance meets contractual requirements. The contractual performance of the element or sub element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.

Marginal (Yellow) - Performance does not meet some contractual requirements. The contractual performance of the element or sub element being assessed reflects a serious problem for which the contractor has not yet identified corrective actions. The contractors proposed actions appear only marginally effective or were not fully implemented.

Unsatisfactory (Red) - Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub element contains serious problem(s) for which the contractors corrective actions appear or were ineffective.

The evaluation procedures to be used in this assessment, which include coordination with the contractor, are detailed in AFARS 5142.1503-90.

I-95	252.247-7023	TRANSPORTATION OF SUPPLIES BY SEA	JUN/2013
I-96	52.216-19	ORDER LIMITATIONS	OCT/1995

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than $50.00 for products or less than $300.00 for services, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor --

(1) Any order for a single item in excess of $5 Million;

(2) Any order for a combination of items in excess of $10 million; or

(3) A series of orders from the same ordering office within 3 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order

limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 days after issuance, with written notice stating the Contractors intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

I-97 52.216-22 INDEFINITE QUANTITY OCT/1995

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the maximum. The Government shall order at least the quantity of supplies or services designated in the Schedule as the minimum.

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contracts effective period; provided, that the Contractor shall not be required to make any deliveries under this contract 60 days after expiration of the contract term.

(End of Clause)

I-98 52.217-8 OPTION TO EXTEND SERVICES NOV/1999

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days of contract expiration.

(End of Clause)

I-99 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT MAR/2000

(a) The Government may extend the term of this contract by written notice to the Contractor within 2 days prior to the expiration of the contract; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months from the date specified in the written notice to proceed.

(End of Clause)

I-100 252.216-7006 ORDERING MAY/2011

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the contract schedule. All Federal Contracting Officers are delegated procurement authority to place TOs/DOs against the aRFID-IV IDIQ contract.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c)(1) If issued electronically, the order is considered "issued" when a copy has been posted to the Electronic Document Access system, and notice has been sent to the Contractor.

(2) If mailed or transmitted by facsimile, a delivery order or task order is considered "issued" when the Government deposits the order in the mail or transmits by facsimile. Mailing includes transmittal by U.S. mail or private delivery services.

(3) Orders may be issued orally only if authorized in the schedule.

(End of Clause)

I-101 252.225-7027 RESTRICTION ON CONTINGENT FEES FOR FOREIGN MILITARY SALES APR/2003

(a) Except as provided in paragraph (b) of this clause, contingent fees, as defined in the Covenant Against Contingent Fees clause of this contract, are generally an allowable cost, provided the fees are paid to

(1) A bona fide employee of the Contractor; or

(2) A bona fide established commercial or selling agency maintained by the Contractor for the purpose of securing business.

(b) For foreign military sales, unless the contingent fees have been identified and payment approved in writing by the foreign customer before contract award, the following contingent fees are unallowable under this contract:

(1) For sales to the Government(s) of Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, and Venezuela (Air Force), contingent fees in any amount.

(2) For sales to Governments not listed in paragraph (b)(1) of this clause, contingent fees exceeding $50,000 per foreign military sale case.

(End of clause)

I-102 252.225-7040 CONTRACTOR PERSONNEL AUTHORIZED TO ACCOMPANY U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES FEB/2013

(a) Definitions. As used in this clause

"Combatant Commander" means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

"Designated operational area" means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

"Law of war" means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

"Subordinate joint force commander" means a sub-unified commander or joint task force commander.

(b) General.

(1) This clause applies when Contractor personnel are authorized to accompany U.S. Armed Forces deployed outside the United States in

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians accompanying the U.S. Armed Forces.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and conditions contained in their contract or with their job description and terms of employment.

(iii) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel authorized to accompany the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) Support.

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) The Contracting Officer shall include in the contract the level of protection to be provided to Contractor personnel.

(iii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, all Contractor personnel authorized to accompany the U.S. Armed Forces in the designated operational area are authorized to receive resuscitative care, stabilization, hospitalization at level III military treatment facilities, and assistance with patient movement in emergencies where loss of life, limb, or eyesight could occur. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized unless specified elsewhere in this contract.

(3) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(4) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract.

(d) Compliance with laws and regulations.

(1) The Contractor shall comply with, and shall ensure that its personnel authorized to accompany U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable

(i) United States, host country, and third country national laws;

(ii) Provisions of the law of war, as well as any other applicable treaties and international agreements;

(iii) United States regulations, directives, instructions, policies, and procedures; and

(iv) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals.

(2) The Contractor shall institute and implement an effective program to prevent violations of the law of war by its employees and subcontractors, including law of war training in accordance with paragraph (e)(1)(vii) of this clause.

(3) The Contractor shall ensure that contractor employees accompanying U.S. Armed Forces are aware--

(i) Of the DoD definition of "sexual assault" in DoDD 6495.01, Sexual Assault Prevention and Response Program;

(ii) That many of the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

(4) The Contractor shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this clause, any alleged offenses under--

(i) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or contingency operations); or

(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(5) The Contractor shall provide to all contractor personnel who will perform work on a contract in the deployed area, before beginning such work, information on the following:

(i) How and where to report an alleged crime described in paragraph (d)(4) of this clause.

(ii) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (d)(4) of this clause.

(6) The appropriate investigative authorities to which suspected crimes shall be reported include the following--

(i) US Army Criminal Investigation Command at http://www.cid.army.mil/reportacrime.html;

(ii) Air Force Office of Special Investigations at http://www.osi.andrews.af.mil/library/factsheets/factsheet.asp?id=14522;

(iii) Navy Criminal Investigative Service at http://www.ncis.navy.mil/Pages/publicdefault.aspx;

(iv) Defense Criminal Investigative Service at http://www.dodig.mil/HOTLINE/index.html;

(v) To any command of any supported military element or the command of any base.

(7) Personnel seeking whistleblower protection from reprisals for reporting criminal acts shall seek guidance through the DoD Inspector General hotline at 800-424-9098 or www.dodig.mil/HOTLINE/index.html. Personnel seeking other forms of victim or witness protections should contact the nearest military law enforcement office.

(e) Pre-deployment requirements.

(1) The Contractor shall ensure that the following requirements are met prior to deploying personnel authorized to accompany U.S. Armed Forces. Specific requirements for each category may be specified in the statement of work or elsewhere in the contract.

(i) All required security and background checks are complete and acceptable.

(ii) All deploying personnel meet the minimum medical screening requirements and have received all required immunizations as specified in the contract. The Government will provide, at no cost to the Contractor, any theater-specific immunizations and/or medications not available to the general public.

(iii) Deploying personnel have all necessary passports, visas, and other documents required to enter and exit a designated operational area and have a Geneva Conventions identification card, or other appropriate DoD identity credential, from the deployment center. Any Common Access Card issued to deploying personnel shall contain the access permissions allowed by the letter of authorization issued in accordance with paragraph (c)(4) of this clause.

(iv) Special area, country, and theater clearance is obtained for personnel. Clearance requirements are in DoD Directive 4500.54, Official Temporary Duty Abroad, and DoD 4500.54-G, DoD Foreign Clearance Guide. Contractor personnel are considered non-DoD personnel traveling under DoD sponsorship.

(v) All personnel have received personal security training. At a minimum, the training shall

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training for DoD Civilian and Contractors.

(vii) Personnel have received law of war training as follows:

(A) Basic training is required for all Contractor personnel authorized to accompany U.S. Armed Forces deployed outside the United States. The basic training will be provided through

(1) A military-run training center; or

(2) A web-based source, if specified in the contract or approved by the Contracting Officer.

(B) Advanced training, commensurate with their duties and responsibilities, may be required for some Contractor personnel as specified in the contract.

(2) The Contractor shall notify all personnel who are not a host country national, or who are not ordinarily resident in the host country, that

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States in accordance with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, et seq.);

(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of U.S. diplomatic, consular, military or other U.S. Government missions outside the United States (18 U.S.C. 7(9)); and

(iv) In time of declared war or a contingency operation, Contractor personnel authorized to accompany U.S. Armed Forces in the field are subject to the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

(f) Processing and departure points. Deployed Contractor personnel shall

(1) Process through the deployment center designated in the contract, or as otherwise directed by the Contracting Officer, prior to deploying. The deployment center will conduct deployment processing to ensure visibility and accountability of Contractor personnel and to ensure that all deployment requirements are met, including the requirements specified in paragraph (e)(1) of this clause;

(2) Use the point of departure and transportation mode directed by the Contracting Officer; and

(3) Process through a Joint Reception Center (JRC) upon arrival at the deployed location. The JRC will validate personnel accountability, ensure that specific designated operational area entrance requirements are met, and brief Contractor personnel on theater-specific policies and procedures.

(g) Personnel data.

(1) The Contractor shall enter before deployment and maintain data for all Contractor personnel that are authorized to accompany U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause. The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system, at http://www.dod.mil/bta/products/spot.html, to enter and maintain the data.

(2) The Contractor shall ensure that all employees in the database have a current DD Form 93, Record of Emergency Data Card, on file with both the Contractor and the designated Government official. The Contracting Officer will inform the Contractor of the Government official designated to receive this data card.

(h) Contractor personnel.

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who

jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Governments discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

(2) The Contractor shall have a plan on file showing how the Contractor would replace employees who are unavailable for deployment or who need to be replaced during deployment. The Contractor shall keep this plan current and shall provide a copy to the Contracting Officer upon request. The plan shall

(i) Identify all personnel who are subject to military mobilization;

(ii) Detail how the position would be filled if the individual were mobilized; and

(iii) Identify all personnel who occupy a position that the Contracting Officer has designated as mission essential.

(3) Contractor personnel shall report to the Combatant Commander or a designee, or through other channels such as the military police, a judge advocate, or an inspector general, any suspected or alleged conduct for which there is credible information that such conduct

(i) Constitutes violation of the law of war; or

(ii) Occurred during any other military operations and would constitute a violation of the law of war if it occurred during an armed conflict.

(i) Military clothing and protective equipment.

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized in writing by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must

(i) Wear distinctive patches, arm bands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures; and

(ii) Carry the written authorization with them at all times.

(2) Contractor personnel may wear military-unique organizational clothing and individual equipment (OCIE) required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(3) The deployment center, or the Combatant Commander, shall issue OCIE and shall provide training, if necessary, to ensure the safety and security of Contractor personnel.

(4) The Contractor shall ensure that all issued OCIE is returned to the point of issue, unless otherwise directed by the Contracting Officer.

(j) Weapons.

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons, the request shall be made through the Contracting Officer to the Combatant Commander, in accordance with DoD Instruction 3020.41, paragraph 6.3.4.1 or, if the contract is for security services, paragraph 6.3.5.3. The Combatant Commander will determine whether to authorize in-theater Contractor personnel to carry weapons and what weapons and ammunition will be allowed.

(2) If the Contracting Officer, subject to the approval of the Combatant Commander, authorizes the carrying of weapons

(i) The Contracting Officer may authorize the Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

(ii) The Procuring Contract Officer from ACC-RI may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons

(i) Are adequately trained to carry and use them

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(5) Upon redeployment or revocation by the Combatant Commander of the Contractors authorization to issue firearms, the Contractor shall ensure that all Government-issued weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(k) Vehicle or equipment licenses. Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the designated operational area.

(l) Purchase of scarce goods and services. If the Combatant Commander has established an organization for the designated operational area whose function is to determine that certain items are scarce goods or services, the Contractor shall coordinate with that organization local purchases of goods and services designated as scarce, in accordance with instructions provided by the Contracting Officer.

(m) Evacuation.

(1) If the Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to United States and third country national Contractor personnel.

(2) In the event of a non-mandatory evacuation order, unless authorized in writing by the Contracting Officer, the Contractor shall maintain personnel on location sufficient to meet obligations under this contract.

(n) Next of kin notification and personnel recovery.

(1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is isolated, missing, detained, captured, or abducted.

(2) In the case of isolated, missing, detained, captured, or abducted Contractor personnel, the Government will assist in personnel recovery actions in accordance with DoD Directive DoD Directive 3002.01E, Personnel Recovery in the Department of Defense.

(o) Mortuary affairs. Mortuary affairs for Contractor personnel who die while accompanying the U.S. Armed Forces will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(p) Changes. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in the place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph (p) shall be subject to the provisions of the Changes clause of this contract.

(q) Subcontracts. The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts when subcontractor personnel are authorized to accompany U.S. Armed Forces deployed outside the United States in

(1) Contingency operations;

(2) Humanitarian or peacekeeping operations; or

(3) Other military operations or military exercises, when designated by the Combatant Commander.

(End of clause)

I-103	252.225-7043	ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES	MAR/2006

(a) Definition. United States, as used in this clause, means, the 50 States, the District of Columbia, and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is:

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from HQDA-AT; telephone, DSN 222-9832 or commercial (703) 692-9832.

(End of clause)

I-104	252.225-7995 (DEV 2013-O0015)	CONTRACTOR PERSONNEL PERFORMING IN THE UNITED STATES CENTRAL COMMAND AREA OF RESPONSIBILITY (DEVIATION 2013-O0015)	JUN/2013

(a) General. (1) This clause applies when Contractor personnel are required to perform in the United States Central Command (USCENTCOM) Area of Responsibility (AOR) and are not covered by the clause at DFARS 252.225-7040, Contractor Personnel Authorized to Accompany U.S. Armed Forces Deployed Outside the United States.

(2) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians. When authorized in accordance with paragraph (h) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(b) Support. Unless specified elsewhere in the contract, the Contractor is responsible for all logistical and security support required for Contractor personnel engaged in this contract.

(c) Compliance with laws and regulations. (1) The Contractor shall comply with, and shall ensure that its personnel in the USCENTCOM AOR are familiar with and comply with, all applicable--

(i) United States, host country, and third country national laws;

(ii) Treaties and international agreements;

(iii) United States regulations, directives, instructions, policies, and procedures; and

(iv) Force protection, security, health, or safety orders, directives, and instructions issued by the USCENTCOM Commander; however, only the Contracting Officer is authorized to modify the terms and conditions of the contract.

(2) The Contractor shall ensure that Contractor employees are aware of their rights to--

(A) Hold their own identity or immigration documents, such as passport or drivers license;

(B) Receive agreed upon wages on time;

(C) Take lunch and work-breaks;

(D) Elect to terminate employment at any time;

(E) Identify grievances without fear of reprisal;

(F) Have a copy of their employment contract in a language they understand;

(G) Receive wages that are not below the legal in-country minimum wage;

(H) Be notified of their rights, wages, and prohibited activities prior to signing their employment contract; and

(I) If housing is provided, live in housing that meets host-country housing and safety standards.

(d) Preliminary personnel requirements. (1) Specific requirements for paragraphs (d)(2)(i) and (d)(2)(ii) of this clause will be set forth in the statement of work or elsewhere in the contract.

(2) Before Contractor personnel begin contract performance in the USCENTCOM AOR, the Contractor shall ensure the following:

(i) All required security and background checks are complete and acceptable.

(ii) All personnel are medically and physically fit and have received all required vaccinations.

(e) Registration of Contractor personnel.

(1) The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system to enter and maintain data for all Contractor employees covered by this clause, following the procedures in paragraph (e)(3) of this clause.

(2) Upon becoming an employee under this contract, the Contractor shall enter into SPOT, and shall continue to use SPOT web-based system to maintain accurate, up-to-date information throughout the employment in the AOR. Changes to status of individual Contractor personnel relating to their in-theater arrival date and their duty location, to include closing out the employment in the AOR with their proper status (e.g., mission complete, killed, wounded) shall be annotated within the SPOT database in accordance with the timelines established in the SPOT business rules.

(i) In all circumstances, this includes any personnel performing private security functions.

(ii) For personnel other than those performing private security functions, this requirement excludes anyone--

(A) Hired under contracts valued below the simplified acquisition threshold;

(B) Who will be performing in the CENTCOM AOR less than 30 continuous days; or

(C) Who, while afloat, are tracked by the Diary message Reporting System

(3) Follow these steps to register in and use SPOT:

(i) SPOT registration requires one of the following login methods:

(A) A Common Access Card or a SPOT-approved digital certificate; or

(B) A Government-sponsored SPOT user ID and password or an Army Knowledge Online (AKO) account.

(ii) To register in SPOT:

(A) Contractor company administrators should register for a SPOT account at https://spot.altess.army.mil; and

(B) The customer support team must validate user need. This process may take two business days. Company supervisors will be contacted to validate Contractor company administrator account requests and determine the appropriate level of user access.

(iii) Upon approval, all users will access SPOT at https://spot.altess.army.mil/.

(iv) Refer SPOT application assistance questions to the Customer Support Team at 717-458-0747 or SPOT.helpdesk@us.army.mil. Refer to the SPOT Enterprise Suite Resource Center at http://www.resource.spot-es.net/ for additional training resources and documentation regarding registration for and use of SPOT.

(4) The Contractor shall submit aggregate Contractor personnel counts at a minimum quarterly or as directed by the Contracting Officer by category (i.e. U.S. third country national or local national) of those Contractor personnel who are on contracts valued at more than the simplified acquisition threshold, but performing less that 30 days in the AOR (e.g. day laborers).

(f) Contractor personnel. The Contracting Officer may direct the personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Governments discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

(g) Military clothing and protective equipment.

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized by the USCENTCOM Commander. If authorized to wear military clothing, Contractor personnel must wear distinguishable from military personnel, consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(h) Weapons.

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons for personal protection, the request shall be made through the Contracting Officer to the USCENTCOM Commander, in accordance with DoD Instruction 3020.41, enclosure 2, paragraph 4.e.(2).. The USCENTCOM Commander will determine whether to authorize in-theater Contractor personnel to carry weapons and what weapons and ammunition will be allowed.

(2) If the Contracting Officer, subject to the approval of the USCENTCOM Commander, authorizes the carrying of weapons--

(i) The Contracting Officer may authorize an approved contractor to issue contractor-owned weapons and ammunition to specified employees; or

(ii) The Procuring Contract Officer from ACC-RI may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons--

(i) Are adequately trained to carry and use them--

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the USCENTCOM Commander; and

(C) In compliance with applicable Department of Defense and agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the USCENTCOM Commander regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Upon revocation by the Contracting Officer of the Contractors authorization to possess weapons, the Contractor shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(i) Vehicle or equipment licenses. Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the area of performance.

(j) Evacuation. In the event of a non-mandatory evacuation order, the Contractor shall maintain personnel on location sufficient to meet contractual obligations unless instructed to evacuate by the Contracting Officer.

(k) Notification and return of personal effects. (1) The Contractor shall be responsible for notification of the employee-designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event occurred, if the employee--

(i) Dies;

(ii) Requires evacuation due to an injury; or

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing Contractor personnel, if appropriate, to next of kin.

(l) Mortuary affairs. Mortuary affairs for Contractor personnel who die in the area of performance will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy and DoDI 3020.41 (enclosure 2, paragraph 4.h.).

(m) Changes. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph shall be subject to the provisions of the Changes clause of this contract.

(n) Subcontracts. The Contractor shall incorporate the substance of this clause, including this paragraph (n), in all subcontracts that require subcontractor personnel to perform in the USCENTCOM AOR.

(End of clause)

I-105 52.203-13 CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT APR/2010

(a) Definitions. As used in this clause--

"Agent" means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

"Full cooperation"--

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from--

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

"United States," means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall--

(i) Have a written code of business ethics and conduct; and

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall--

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractors disclosure as confidential where the information has been marked confidential or proprietary by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organizations jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial item as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractors standards and procedures and other aspects of the Contractors business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractors principals and employees, and as appropriate, the Contractors agents and subcontractors.

(2) An internal control system.

(i) The Contractors internal control system shall--

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractors internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractors code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractors code of business ethics and conduct and the special requirements of Government contracting, including--

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that have a value in excess of $5,000,000 and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(End of clause)

I-106 52.215-19 NOTIFICATION OF OWNERSHIP CHANGES OCT/1997

(a) The Contractor shall make the following notifications in writing:

(1) When the Contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that could result in changes in the valuation of its capitalized assets in the accounting records, the Contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.

(2) The Contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership.

(b) The Contractor shall --

(1) Maintain current, accurate, and complete inventory records of assets and their costs;

(2) Provide the ACO or designated representative ready access to the records upon request;

(3) Ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization, and remaining useful lives are identified accurately before and after each of the Contractors ownership changes; and

(4) Retain and continue to maintain depreciation and amortization schedules based on the asset records maintained before each Contractor ownership change.

(c) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.408(k).

(End of Clause)

I-107 52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION JUL/2013

(a) Definitions. As used in this clause--

"Long-term contract" means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at
http://www.sba.gov/content/table-small-business-size-standards

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it [X] is, [ ] is not a small business concern under NAICS Code 334111 (small business size standard 1,000) assigned to contract number NO. W52P1J-14-D-0014. [Contractor to sign and date and insert authorized signer's name and title].

I-108 52.223-3 HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA JAN/1997

(a) Hazardous material, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material (If none, insert None)	Identification No.

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to --

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

I-110 52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES APR/1984

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the date of the clause.

(b) The use in this solicitation or contract of any DoD FAR SUPPLEMENT (48 CFR 2) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the name of the regulation.

(End of Clause)

I-111 252.211-7005 SUBSTITUTIONS FOR MILITARY OR FEDERAL SPECIFICATIONS AND STANDARDS NOV/2005

(a) Definition. SPI process, as used in this clause, means a management or manufacturing process that has been accepted previously by the Department of Defense under the Single Process Initiative (SPI) for use in lieu of a specific military or Federal specification or standard at specific facilities. Under SPI, these processes are reviewed and accepted by a Management Council, which includes representatives of the Contractor, the Defense Contract Management Agency, the Defense Contract Audit Agency, and the military departments.

(b) Offerors are encouraged to propose SPI processes in lieu of military or Federal specifications and standards cited in the solicitation. A listing of SPI processes accepted at specific facilities is available via the Internet at http://guidebook.dcma.mil/20/guidebook_process.htm (paragraph 4.2).

(c) An offeror proposing to use an SPI process in lieu of military or Federal specifications or standards cited in the solicitation shall

(1) Identify the specific military or Federal specification or standard for which the SPI process has been accepted;

(2) Identify each facility at which the offeror proposes to use the specific SPI process in lieu of military or Federal specifications or standards cited in the solicitation;

(3) Identify the contract line items, subline items, components, or elements affected by the SPI process; and

(4) If the proposed SPI process has been accepted at the facility at which it is proposed for use, but is not yet listed at the Internet site specified in paragraph (b) of this clause, submit documentation of Department of Defense acceptance of the SPI process.

(d) Absent a determination that an SPI process is not acceptable for this procurement, the Contractor shall use the following SPI processes in lieu of military or Federal specifications or standards:

(Offeror insert information for each SPI process)

SPI Process: _____

Facility: _____

Military or Federal Specification or Standard: _____

Affected Contract Line Item Number, Subline Item Number, Component, or Element: _____

(e) If a prospective offeror wishes to obtain, prior to the time specified for receipt of offers, verification that an SPI process is an acceptable replacement for military or Federal specifications or standards required by the solicitation, the prospective offeror
